LLumar® paint protection film (PPF) helps shield your car from the perils of everyday driving. It is automotive paint armour, designed to keep the exterior of your ride looking new for as long as possible. Self-healing properties give you peace of mind so you can worry less about paint chips and surface scratches.

LLumar has a comprehensive PPF portfolio, including options for virtually invisible gloss, striking matte, high gloss black, and a thicker film for added defense where needed.

RULE THE ROAD WITH LLUMAR® VALOR

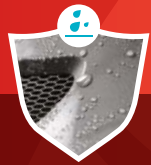

A ONE-AND-DONE OFFER YOU CAN'T REFUSE

Valor combines the best of both worlds in paint protection by bringing together coveted features of both PPF and ceramic coating into one.

A powerful top coat delivers self-healing protection and super hydrophobic^{***}, self-cleaning capabilities. And, Valor's boosted resistance to stains from pesky insects and bird droppings helps prevent unsightly damage. Its smooth surface with exceptional gloss is free of orange peel texture and distortion.

ELEVATING THE STANDARD
IN PAINT PROTECTION.

OEMs trust Eastman Tetrashield™ protective resin system technology for their finishes. So can you.

Easy-Clean Surface

Super slick surface delivers effortless cleaning; more resistance to water and grime build-up means a clean-car look that lasts longer

Clarity & Shine

Smooth clear finish with exceptional gloss, free of orange peel texture that sometimes comes with lower quality PPF

Nature's Toughest Hazards

Serious fighting power with up to 25% more resistance* against nature's toughest hazards like bird droppings, acid rain and tree sap

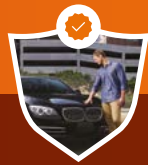

Stain Resistance

Excellent stain resistance so dirt, oil, tar and bugs don't stand a chance; also with anti-discolouration properties

Self-Healing Protection

Self-heals surface scratches with heat, helping to defend against damage from rocks, road debris, winter salt and sand

Manufacturer's Warranty
